Dear Sir

I do not know but what I have taken a great a liberty in sending you a package of coal Specimens in your Special departments for the purpose of asking you whether my determinations are conducted & wrong & cannot them. If you any reason you do not find it convenient or agreeable to comply with my request I am far from insisting upon it

I inclose a list of the

numbers of the specimens
sent you upon which you
chose you may find your
determinations & opinions and
return to me in the inclosed
envelope. The numbers
on the labels correspond
with the numbers on the
specimens.

Hoping that I have
not trespassed too much
upon your good nature

I am

Very truly Yours
G. W. Vaughan
